If the total amount of the nominal values of all the Bonds, including all future bonds issued and outstanding on any business day (in the case of future bonds denominated in a currency other than the euro, taking into account their nominal value converted into the euro by the above method), exceeds the maximum amount of principal to which the receivables are secured under the Pledge Agreement, the Security Agent shall notify the Issuer about this fact without undue delay in writing and at the same time request the Issuer to proceed with the mandatory prepayment of the total value of the relevant issue from all the Bonds and the pro rata part of the yield from that issue of the Bonds, in accordance with the section "Mandatory Prepayment of the nominal value of the Bonds and payment of the pro rata part of the Bond yield due to a fall in the exchange rate (in the case of multiple issues of the Issuer's Bonds)" above.
